

라이프 벨리가 되게 하소서!” “실리콘 벨리의 부흥이 온 세상의 부흥이 되게 하소서!” 이것이 One Voice의 비전이며 중요한 기도제목입니다.

끝으로, 지금까지 5년째 매주 화요일 오후 1시 뉴라이프 교회에서 베이지역 목회자들의 끈질긴 소망의 기도가 있어 왔습니다. 소수민족교회들의 부흥을 위해 합심으로 지금까지 부르짖으며 왔습니다. 그리고, 이 기도에 하나님께서는 아프간교회, 티벳교회개척등을 통해서 응답하고 계십니다. 그리고 온 세상의 부흥을 이곳에서 꿈꾸게 하십니다. 기도 가운데 품게 하신 이 꿈을 주님께서 이루실 줄 믿습니다!

Welcome to One Voice 2014! The purpose of One Voice conventions is to foster networking and partnering of churches and believers in order to bring about revival to the ethnic groups in the bay area. The first One Voice convention in 2011 unreached the ethnic ministries, such as those of Mongolian, Afghan, Japanese, Vietnamese, Cambodian, Pilipino, Khmu and Mienh, Bhutanese, and Burmese ministries and campus ministries and have connected them with Korean churches for mutual cooperation and help.

One Voice is establishing a mission network for the churches to share their resources in effective ways.

Last summer, Nor Cal Dream Church in Richmond served Mongolian children through VBS. A Korean church did a mission for Mongolians in the bay area. There are 23 ethnic mission workers listed in the booklet that you can help and be helped for reaching out. Moreover, One Voice has been enjoying a network with the Life Road Mission of Hong Kong Korean Exodus Mission Church. Korean Diaspora churches will exercise enormous power of the gospel as they share resources together in their mission fields.

One Voice is aiming at fundraising to support ethnic pastors in financial needs.

Since our last event in May 2013, One Voice has been able to support Rev. Abraham with \$29,551.43 (5/1/2013-2/16/2014) to plant the Afghan church in Fremont. Its first Afghan worship was held on April 14th last year in the New Life Church, located in Fremont. The thank offerings were made by 13 churches and organizations and 24 individual donors. This year,

One Voice has a special goal of fundraising for Tibetan mission in the bay area. A considerable number of Tibetans are living in Berkeley, El Cerrito, and Richmond but none of them are known to us as Christians. No Tibetan church has been found yet, either. Rev. Tsolmonbaatar Gelenkhuu is currently reaching out to the Tibetans in the cities. He was once educated in a Buddhist school in Mongolia but has since become a servant of the Lord to tell the gospel to the Tibetans in the bay area. Let us support him and his family of 3 children so that he may concentrate on the mission for the Tibetans in the bay area.

One Voice is aware of the impact that the gospel in the Silicon Valley can have for global transformation.

According to a 2000 census, the bay area had 1.7 million immigrants, coming from more than 70 countries. Here in the bay, are the ends of the earth! Moreover, the Silicon Valley has a concentration of the most advanced information technologies and the professional workers from all around the world. Once we have a great revival here, it will bring all the nations into the revival in the world as quickly as possible. An Afghan church in Fremont exists not only for the Afghans in the Afghanistan but also for the Farsi speaking population in the whole world. Once a Tibetan church is planted, it will serve to transform Buddhists of Tibetan Buddhism in the world. Our prayer, therefore, is “Let Silicon Valley be the Life Valley, oh God, so that a revival here may be revival of the whole world!”

Lastly, a group of pastors from Korean churches, Afghan church, and Mongolian church has been praying for revival in this area. God is answering the prayer with the Tibetan church to be founded with the support of One Voice. We will all see the Lord’s great and unsearchable thing to be done soon!

One Voice gives thanks to Korean Central Presbyterian Church (Rev. Hyouk Chun Kwon, Elder Daniel Moon, and Elder Yong Kyu Lee) as they host today’s wonderful dinner. Also, my heartfelt thanks goes to all the faithful servants for His work through One Voice 2014.

유기은 목사 (pastor Kieun Yu)드립니다.
